

Three Tier Octagonal Display Assembly Instructions

Kit Includes:

2-B8EC 88" end cap benches with 2-G11 leg sets 11"Hx36"W
1-T05 58" octagonal bench with 1-G23 leg set 23"Hx36"W
1-T03 36" octagonal table with 1-TG17 leg set 17"x17"

Tools Needed:

Square head screwdriver bit
1/2" socket ratchet

Step 1: First consider having all wood surfaces finished with two coats of deck stain before assembly. See instructions included with the shipping documents packaged on the pallet.

Step 2: Separate the benches and match them with the correct legs. Tilt the bench on edge. Place the leg in the channel so leg cross piece rests against underside of the bench. Tighten the lag bolts until firm. Do not drive lag bolts all the way in.

Step 3: Place two B8EC benches back to back in the desired location as the first level.

Step 4: Place the T05 on top and center as the second level.

Step 5: Add the T03 as the third level.

Step 6: Add the bench tape and or sign and you are ready to highlight your plant or pottery material.
