

Folding Step Bench

For Items # 335, F1 & F2

Parts: **1-Frame Assembly**
 3-Shelves
 18-2" Screws

Tools Needed: 1-Philips Head Screwdriver

Step #1 - Remove parts from carton.

Step #2 - Unfold frame assembly.

Step #3 - Take one shelf and place on bottom step. Line up cleats to fit over shelf support arm. Holes in shelf should be positioned towards the back.

Step #4 - Repeat step 3 for remaining shelves.

Screws are provided to fix shelves in place if desired. Sometimes shelves will warp due to changes in humidity. Attaching with screws will help level warped shelves.

Thank you for your purchase.
